

# “Outing for Scouting”

## Why should we participate?

### October 29-31, 2010

This information is provided for those with questions about what and why this event is being provided. When we began the planning for this event we were only planning a Fall Cub Hike much like the ones this district has had before. As a part of the discussion we spoke about the Webelos to Scout Transition program that our district began last year and how we could make it better, also we talked about a Fall Camporee. And let's not forget that this is the 100 year Anniversary of the Boy Scouts. Well we put all that together, knocked down the walls of the box, and we now have the “Outing for Scouting.” So here is what we have:

- ✿ A Boy Scout Camping event with some awesome events that will be both challenging and extreme fun
- ✿ A Webelos event the likes of which has never been seen including an opportunity to play alongside a bunch of Boy Scouts -- How cool is that!
- ✿ A Cub Hike just for the youngest of our group focusing on cool stuff only they get to see and do! Did anyone say FUN!!
- ✿ An opportunity for scout units to show their future Eagle Scouts (Webelos II) their individual program
- ✿ A chance for scouting Families to come together to play and have FUN
- ✿ A look back in time of some things in the past Scouting Programs.
- ✿ Some Halloween theme events
- ✿ The final FIREBOWL of 2010

If I were to say more it would spoil any other surprises we have in store for you. So Save the Date and we will see you there!!
