To All Unit Leaders:

At November's Roundtable, I presented the Centennial Quality Award Program to all present.

The purpose is *"To improve the QUALITY of Program in Every Unit in America"*

The new National Strategic Plan will guide the Boy Scouts of America as we embrace our mission to serve youth. We have a great history, and as we embark upon Scoutings' second century, we must be prepared to meet the needs of tomorrow's families.

Our mission has not changed, nor have our principals.

The methods MUST change to meet the needs of time, but the honor and vision of Scouting remain strong.

If your unit missed Roundtable, I will gladly come to your unit and make the presentation.

If you sincerely believe in the Boy Scouts of America, it will be worth your time.

Yours in Scouting,

Richard Maike
